COURSES OF STUDY

The Preparatory Course.

The Preparatory Course covers two years' work, and provides thorough instruction in the English branches for students not qualified to enter the regular courses of study. (See outline below.) No definite age is fixed for admission, but it is seldom that a student under fourteen years can enter to advantage. Primary pupils are not received. A boy or girl should have some knowledge of Grammar and a good start in Third Arithmetic before coming to the Seminary.

We do not advise parents to send boys or girls who are very young, unless they are exceptionally reliable and studious.
